

The Purdue University Fire Department is currently accepting applications for the position of Firefighter I – Probationary Firefighter.

Description:

Provide emergency services for the University and assist other fire departments on a mutual aid basis. Protect life and property, control and extinguish fires and administer emergency medical treatment and transport patients. Maintain station and equipment; inspect fire extinguishers, buildings and special event locations. Subject to 24-hour call back and mandatory overtime. Required to work 24 hour rotating shifts.

Requirements Include:

- High school diploma or GED.
- One year experience as Firefighter 1 & 2 and Emergency Medical Technician.
- Indiana State Emergency Medical Technician (EMT) Certification or Paramedic license.
- Must be certified Firefighter 1 & 2 by the Indiana Department of Homeland Security.
- Must have successfully completed Hazardous Materials Technician certification or be able to complete within twelve months of employment in this position.
- Must be physically and mentally capable of performing all duties of a firefighter and EMT.
- Must have the ability to lift and carry 50-80 lbs. frequently, up to 100 lbs. or more occasionally and drag up to 165 lbs.
- Must have knowledge of the principles and processes for providing good customer and personal services.
- Must have strong oral & written communication skills.
- Must have basic computer skills.
- Must be at least 21 years of age.
- A valid driver's license.
- A valid Candidate Physical Ability Test (CPAT) certification.

Preferred:

- Paramedic experience.
